Dear 3rd & 4th graders:

I am so excited to have you in my class this next school year! I hope some of the ideas in this brochure will make you want to get lost in several books this summer. We also hope that you will practice those math facts you've been working on all year! This will help you keep all those great skills and not forget them over the summer. Plus, you can get a head start on those classroom dollars!

Have a wonderful summer!! Get lots of fresh air and sunshine....and bring a good book with you!!
